CONFLICT MINERALS STATEMENT

In July 2010, The United States passed law H.R 4173 – Wall Street Reform and Consumer Protection Act (also known as Dodd-Frank wall street reform and consumer protection act). This legislation requires publicly traded companies to disclose the presence of columbite-tantalite (coltan, niobium, and tantalum), cassiterite (tin), gold, wolframite (tungsten) or its derivatives in its product. The group of materials is better known as “conflict minerals”. Since WP Innova supplies many publicly traded companies, we are offering this statement to aid in our customer’s compliance efforts.

We confirm that no conflict minerals or their derivatives are used in the production of stretch film supplied by us.

We further confirm that our products do not contain nor are they produced using tin, tungsten, tantalum, or gold.

For more information about this law visit www.sec.gov/rules/final/2012/34-67716.pdf

Please contact your sales representative if you have additional questions.

A handwritten signature in black ink, appearing to read 'Viktor Kim'.
