FDA AND FOOD CONTACT STATEMENT: INDUSTRIAL FILMS

Industrial Films supplied by WP Innova are not intended nor approved for direct food contact. As a result, WP Innova is not able to supply the following commonly requested documents:

1. Bio-terrorism Act of 2002 policies and procedures
2. Third party audit result
3. GMP policies and procedures
4. HACCP certification
5. GFSI certification.

Although our facilities are not inspected or approved to produce food grade films, it should be noted that the materials used to produce our clear and colorless films are approved under FDA 21 CFR177.1520 direct food contact regulations, and these films are considered safe for use as a secondary or tertiary packaging component.

A handwritten signature in black ink, appearing to read 'Viktor Kim', is positioned above the printed name.

Viktor Kim
